RSC Desktop Seminars with SBQ Organic Chemistry Division

Programação completa e Acesso

O grande momento está chegando e já estamos com um número alto de registros. Primeiro ciclo de webinars em parceria com a Royal Society of Chemistry-RSC. A ideia foi trazeremos membros da SBQ e da RSC para seminários científicos com o foco preferencial em Química Orgânica.

Todos vocês precisam fazer o **registro no link abaixo** e após terão o acesso gratuito. Lembrem-se de acessar a plataforma com antecedência, pois terão que instalar o GoToWebinar da RSC. A cada semana um link será disponibilizado para o registro.

Contamos com a participação de todos vocês. Reservem as datas e horários.

Comissão Organizadora:

Dra. Elizabeth Magalhães – Manager RSC Brasil

Prof. Giovanni Amarante – Diretor DQO 2020-2022

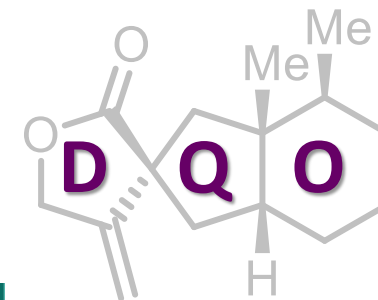

Prof. Rodrigo Souza – Editor Associado RSC Advances

Palestra de Abertura

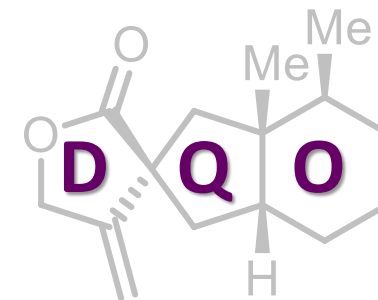

Prof. Norberto Lopes
2020 JEREMY KNOWLES AWARD

Universidade de Sao Paulo
Faculdade de Ciencias Farmacêuticas de Ribeirão Preto
Departamento de Fisica e Quimica

4 August 2020 | 11:30 BRT / 14:30 UCT

The Role of Small Molecules in
Ecological Interactions

11 August 2020 | 11:30 AM (BRT)

Prof. Dr. Rafael Luque
Universidad de Cordoba

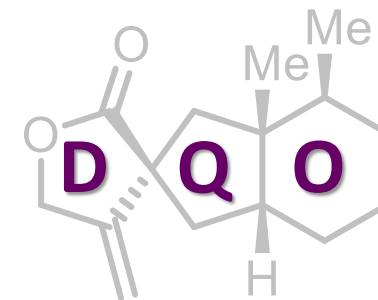

Title of Talk: Benign-by-design methodologies for a more sustainable future

Prof. Dr. Raoni Schroeder
Universidade Federal do Rio de Janeiro

Title of Talk: Covalent Organic Frameworks as nanoporous platforms for enzyme immobilization

Registre-se aqui: www.rsc.li/seminar-11aug

18 August 2020 | 11:30 AM (BRT)

Prof. Dr. Luiz Carlos Dias
Universidade de Campinas

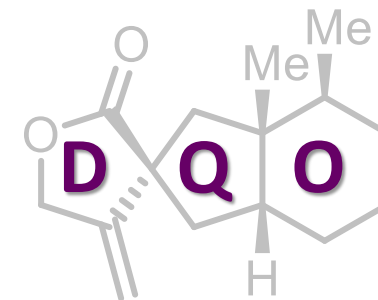

Title of Talk: Drug discovery for the most neglected

Prof. Dr. Taícia Fill
Universidade de Campinas

*Title of Talk: The chemistry hidden in the biological interactions
found in the citrus host*

Registre-se aqui: [to be added](#)

25 August 2020 | 11:30 AM (BRT)

Prof. Dr. Corinna Schindler
University of Michigan

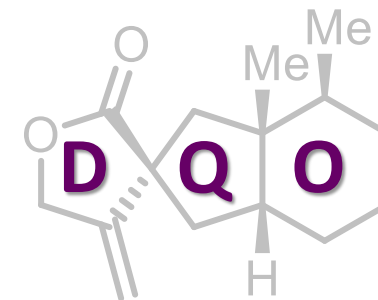

Title of Talk: to be confirmed

Prof. Dr. Julio Pastre
Universidade de Campinas

Title of Talk: Continuous Flow Synthesis of the URAT1 Inhibitor Lesinurad

Registre-se aqui: [to be added](#)

3 September 2020 | 11:30 AM (BRT)

Prof. Dr. Fernanda Rosa
Universidade Estadual de Maringá

Title of Talk: From acyclic to cyclic Beta-enamino diketones: versatile intermediates for the regioselective synthesis of aza-heterocycles

Prof. Dr. Louis Sandjo
Universidade Federal de Santa Catarina

Title of Talk: Dereplication strategy by LC-ESI-MS for rapid identification of natural products in anti-inflammatory and antiprotozoal food by-products and food mixtures.

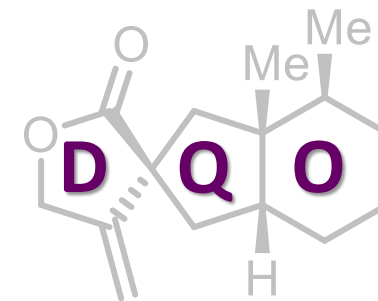

Prof. Dr. Airton Salles
Universidade Estadual de Campinas

Title of Talk: Forget the Fancy Stuff: Green Chemistry made Simple to Build Interesting Molecules

Registre-se aqui: [to be added](#)

10 September 2020 | 11:30 AM (BRT)

Prof. Dr. Cristiano Raminelli
Universidade Federal de São Paulo

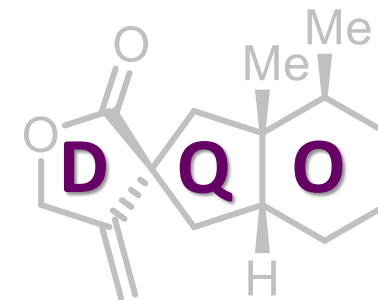

*Title of Talk: TMS-Aryl Trifluoromethanesulfonates in
Benzyne Chemistry: Limitations and New Challenges*

Prof. Dr. Fernanda Finelli
Universidade Federal do Rio de Janeiro - IPPN

*Title of Talk: Investigations on drug discovery and process development through
photoredox and organocatalysis*

Registre-se aqui: [to be added](#)

17 September 2020 | 11:30 AM (BRT)

Prof. Dr. Liane Rossi
Universidade de São Paulo

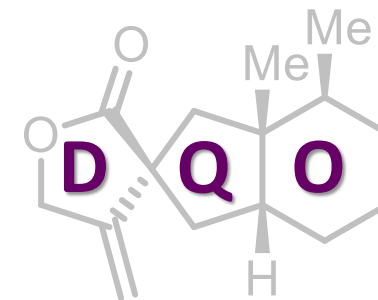

Title of Talk: Update on selective hydrogenations catalyzed by gold

Prof. Dr. Marcelo Rodrigues
Universidade de Brasília

*Title of Talk: Nanotechnology and Sustainable Agriculture:
Challenges and Solutions*

Registre-se aqui: [to be added](#)

24 September 2020 | 11:30 AM (BRT)

Prof. Dr. Carolina Andrade
Universidade Federal de Goiás

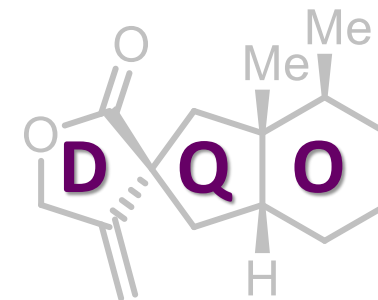

Title of Talk: Artificial Intelligence Based Platforms for Accelerating Drug Repositioning and Discovery for Neglected and Emerging Diseases

Prof. Dr. Igor Jurberg
Universidade de Campinas

Title of Talk: The Power of Conjugation: Visible Light-Mediated Transformations of Aryldiazoacetates

Registre-se aqui: [to be added](#)

29 September 2020 | 11:30 AM (BRT)

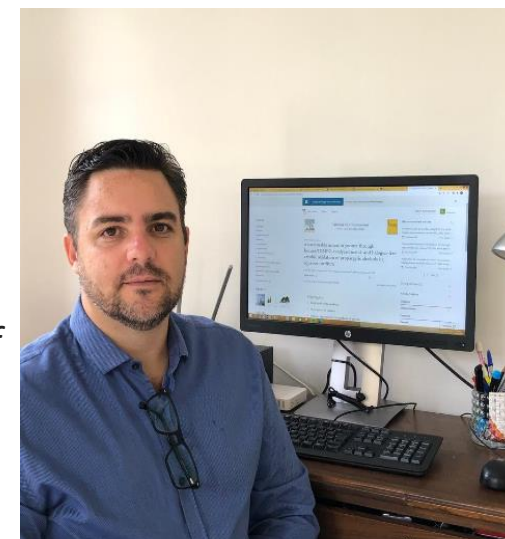

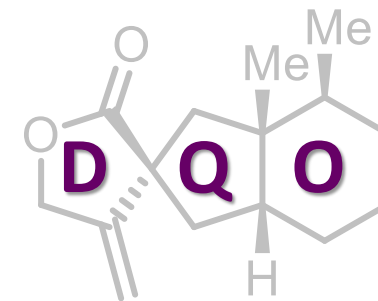

Prof. Dr. Luiz Cláudio A. Barbosa
Universidade Federal de Minas Gerais

Title of Talk: Advances in tetronamide chemistry: synthesis of natural and unnatural bioactive compounds

Prof. Dr. Jefferson Princival
Universidade Federal de Pernambuco

Title of Talk: Improving biocatalytic process for sustainable conversion of small polyfunctional building blocks

Palestra de Encerramento

1 October 2020 | 11:30 AM (BRT)

Speakers to be confirmed
