

IUPAC GWB2021 – EMPOWERING DIVERSITY IN SCIENCE

"Building peace in the minds of men and women" – UNESCO

IUPAC GWB 2021 PROGRAM – UNESP/ACIESP/SBQ

February 9th, 2021

Organizing Institutions: Institute of Chemistry Sao Paulo State University (UNESP); Academy of Sciences of the State of Sao Paulo (ACIESP); Women Center of the Brazilian Chemical Society (SBQ); Younger Researchers Committee of the Brazilian Chemical Society (JP-SBQ).

Opening Session: 9:00 - 9:30

Helena B. Nader – Professor of Federal University of Sao Paulo and Vice-President of the Brazilian Academy of Sciences;

Sidney José L. Ribeiro - Professor and Director of the Institute of Chemistry, UNESP;

Romeu Rocha Filho - Professor of Department of Chemistry, Federal University of Sao Carlos, President of the Brazilian Chemical Society (SBQ);

Vanderlan S. Bolzani - Professor of Institute of Chemistry, UNESP, President of ACIESP;

Marilia Valli - Postdoctoral Researcher at Institute of Physics of Sao Carlos, University of Sao Paulo (USP), Chair of the Younger Researcher Committee -SBQ;

9:30 - 10:45: Round Table I

BRAZILIAN SCIENTISTS IN CHEMISTRY, PAST, PRESENT AND THOUGHTS FOR THE FUTURE

Vanderlan S. Bolzani - Institute of Chemistry UNESP, President of ACIESP (Coordinator);

Shirley Nakagaki Bastos - Federal University of Paraná, President-elect of SBQ;

Elisa Orth - Federal University of Paraná, Coordinator of the Women Center of the SBQ;

Marcia Foster Mesko - Federal University of Pelotas, Audit Committee of SBQ

10:45 - 11:30: Round Table II

CHALLENGES AND OPPORTUNITIES FOR THE YOUNGER SCIENTISTS

Marilia Valli - University of Sao Paulo (USP), Chair of the Younger Researcher Committee -SBQ (Coordinator);

Raquel Brandt Giordani - Federal University of Rio Grande do Norte;

Amanda Danuello Pivatto - Federal University of Uberlandia;

Wanessa Alteí - Postdoctoral Researcher at Federal University of Sao Carlos
